

Re: AMIF in Poland: residence procedures of 236-647 days and no result indicator that measures them

Dear Secretariat,

thank you for forwarding my messages to the rapporteur for discharge 2025. I add three points that have become available since 19 September, so that the rapporteur can verify everything without asking me.

1. All source documents are now public. The replies of the sixteen voivodeship offices, the Office for Foreigners, the Ministry of the Interior and its Centre for European Project Support, including the FAMI agreements, applications, indicator printouts and annual reports cited in my earlier messages, are published in full at <https://glos-migranta.eu/dokumenty> (private persons' data removed; next to each document the SHA-256 hash of the original bearing the authority's electronic signature). A summary with sources is at <https://glos-migranta.eu/raporty/fami> (Polish and English).

2. Money per waiting case. According to the Centre for European Project Support, the sixteen voivodes signed 2024 agreements worth PLN 178,549,534, of which PLN 133,912,151 from FAMI, and applied in the 2026 call for PLN 125,553,816, of which PLN 112,998,435 from the fund: about PLN 247 million from FAMI in total (agreements and applications, not money spent). Divided by the pending temporary-residence cases reported by the Office for Foreigners as of 1 July 2026, the 2024 projects allocate on average PLN 307 per pending case, for the whole project period to 2028 (own calculation). The least goes where the wait is longest: Pomorskie PLN 181, Śląskie PLN 204, Mazowieckie PLN 236; the most to Świętokrzyskie (PLN 1,032) and Warmińsko-Mazurskie (PLN 833). None of the 138 indicators of these projects counts decisions issued, cases handled or waiting time; among those that are counted are "Number of freight-lift stops created", "Number of sun shades installed" and "Number of radio spots broadcast" (target: 120).

3. Supervision. Asked about its general supervision of the voivodes' timeliness, the Ministry of the Interior replied on 2 October 2026 (DBiSO-WODO.06770.2.91.2026.EJ): „MSWiA w latach 2024-2026 nie podejmowało wobec wojewodów działań nadzorczych we wnioskowanym zakresie” [“In 2024-2026 the Ministry did not take supervisory action towards the voivodes in the requested scope”]. The letter: <https://glos-migranta.eu/dokumenty/mswia-dbiso-wodo-06770-2-91-2026-ej-2026-10-02-odpowiedz.pdf>

The originals with qualified signatures are available on request.

Yours faithfully,
